

REIMAGINE THE POWER OF AFTERSCHOOL

# Open Minds Open Spaces

FROM PIVOT TO REIMAGINE

**Friday, October 16**

11:00am - 6:30pm MDT

10:00am - 5:30pm PDT

7:00am - 2:30pm HST

## One-Day Virtual Event for Afterschool Champions to Reimagine What's Possible!

Afterschool professionals are working around-the-clock to support youth, families and our staff. We are focused on safety and well-being, engaging learning, health and wellness, family supports and helping people get back to work. We pivoted in response to crisis.

Now we reimagine what afterschool can and should be in a time of unknowns. We are flexible, resilient, nimble, clever and powerful. In October we convene virtually to learn, collaborate and connect together.

---

KEYNOTE SPEAKER

**Dr. Mary Helen Immordino-Yang**

Neuroscientist, Psychologist, Teacher

Mary Helen Immordino-Yang, EdD is a Professor of Education, Psychology and Neuroscience at the University of Southern California and Director of the USC Center for Affective Neuroscience, Development, Learning and Education (CANDLE). She studies the psychological and neurobiological development of emotion and self-awareness, and connections to social, cognitive and moral development in educational settings. Her work has a special focus on adolescents from low-SES communities, and she involves youths from these communities as junior scientists in her work.
